Urdu

English

ABOUT ME

I am a passionate and detail-oriented React developer with a strong foundation in full-stack development using modern technologies like React.js, Node.js, and MongoDB. I enjoy building responsive and user-friendly web applications, with a focus on clean code and performance optimization. Currently seeking a challenging internship opportunity where I can apply my skills, contribute to real-world projects, and continue learning alongside experienced professionals.

PROJECTS

WEB APPLICATION

◆ TextUtils – A React-based text analyzer web app

- Features: Word/Character count, Uppercase/Lowercase conversion, Remove spaces, Email extractor
- Tools: React, Bootstrap, JavaScript
